

HKA panel discussion: IT, Cyber & Technology

On Wednesday 27 April 2022, HKA will be hosting a free to attend in person event. [Matthew Lavy](#) will be on the Forensic Technical Services (FTS) panel discussing how IT, cyber and technology disputes have changed and what will be seen in the future.

Regardless of your industry, cybersecurity and technology disruptions can affect your bottom line.

Please join HKA's Forensic Accounting & Commercial Damages ("FACD"), Forensic Technical Services ("FTS") and Cybersecurity & Privacy Risk Management service lines for high-level panel discussions regarding the effects of emerging technology in damages, disputes, risk management and digital forensic investigations.
